***Stewardship of Creation
Come and Find Out How to Get Started!!***

A Green Congregation Training Workshop

What: A training event for Green Teams of congregations wanting to begin or already in the process of greening your congregation.

When: Saturday, February 16, 2008 from 8:30 am to 12:30 pm.

Where: Lutheran Outdoor Ministries Center, Oregon, IL

Cost: Free

Led by: Dr. David Rhoads, Lutheran School of Theology at Chicago and Director of the Green Congregation Program.

Who Should Come: Any person interested in greening your congregation. Where possible, we encourage teams of 3 to 5 or more people who would serve as a catalyst in your congregation. Pastors are encouraged to come to learn about the program and to offer support. Plan now to get your team together.

Why: All people have reason to be concerned about the environmental state of the world. As Christians, we have a special call to care for the earth by reducing our negative impact upon God's creation and by seeking to discover ways to care for *God's Earth*.

Free resources will be available for introducing care for creation into worship, education, property, discipleship at home and work and public ministry.
