

May is Older Americans Month

As the population continues to age, many elders become vulnerable to self-neglect, passive neglect by a caregiver, subject to physical, sexual and/or emotional abuse, or are financially exploited. While some cultures revere their elders, we are seeing more and more reports that elders are being victimized in our communities.

In 2005, Illinois Elder Abuse Programs responded to 8,641 reports, which is an average of 1 intervention for a potential of 10 needed.

Do not cast me off in the time of old age, Forsake me not when my strength is spent —Psalms 71:9

Please Break the Silence and call your local Senior Protection Program or the **Illinois Department on Aging at 1-866-800-1409 (Voice and TTY)** to report any suspicions you have that an elder might be mistreated.

Staff are also available to speak with individuals or groups regarding available resources, services, or to answer your questions.

Do not cast me off...If you are aware of an elder who might be in need of our assistance, please call to share your concerns. While this may be difficult, for many reasons, a call from you may help your neighbor, parent, sibling, grandparent or other relative to be able to live independently and free to live a life of dignity and respect.
